

Internet, Social Media and Video Parental Permission Form

Grace Christian Academy publishes and maintains a web site on the internet (www.gcanevada.org) and posts information about the school and special events on social media sites, including but not limited to, Facebook. The purpose of the web site and social media posts is to provide easy access to school information and services.

I, _____, [*parent or guardian please print*] understand that photographs/videos of my child[ren] or schoolwork completed by my child[ren], _____, [*print name[s] of child[ren]*] may be used on the Grace Christian Academy web site and/or in social media posts. I understand that this material can be viewed by anyone with access to the internet. I also understand that Grace Christian Academy will do its best to ensure that my child's photograph, video or schoolwork will NOT be accompanied by my child's name or any other text that could reveal the identity of my child. Furthermore, I understand that it is the policy of Grace Christian Academy NOT to "tag" the profiles of social media users that "like" or "follow" the school on social media so as to avoid identification of students by virtue of their online association with the school.

I understand that this is a yearly contract and that parental authorization may be revoked at any time by the submission of a request in writing to the GCA office.
